

TSI 23EL42 - Enhancing transparency and integrity in the public procurement system through an integrated risk management system

Webinar to present the Public Procurement Risk Management Framework and the public consultation on the Risk Registry

8th October 2024, 14:30-16:00, virtual meeting ([Zoom link](#))

Objectives of the Webinar

The OECD is working with Greece's National Transparency Authority on the project 'Enhancing transparency and integrity in the public procurement system through an integrated risk management system.' The project is funded through the European Union's Technical Support Instrument.

The main purpose of the project is to contribute to the achievement of strategic priorities (D3) and (D4) of Greece's National Strategy for Public Procurement 2021 – 2025, namely "enhancing transparency through audit procedures in public procurement and professionalisation of public procurement."

The project includes the development of a risk management framework in public procurement and a public procurement risk registry. The objectives of the webinar are to:

- Present the public procurement risk management framework and risk registry to key public procurement stakeholders.
- Launch a consultation on the public procurement risk registry with key stakeholders.
